

SHARC

South Yorkshire Hospitals Audit and Research Collaboration

SHARC represents a collaborative group of anaesthetists and intensive care trainees working together to promote, improve and facilitate high quality audit, quality improvement, service evaluation and research projects. These may be run locally, regionally or contribute towards larger national undertakings. We are keen to involve as many of South Yorkshires trainees as possible in projects, welcoming contributions and suggestions from any interested participants.

Upcoming Projects

Patient reported Outcomes, postoperative Pain and Pain relief in daY case surgery.

National study that aims to find out how well people recover from their surgery at home. The POPPY study will run for 4 weeks starting January 15th 2024.
